Potawatomi, spoken around Lake Michigan until the 1840s, is currently spoken primarily in Wisconsin, Kansas, Indiana, Michigan, Oklahoma, and perhaps Ontario. It may be more closely related to Ojibwa than to other Algonquian languages. The number of speakers was estimated at 200 in 1990 by SIL. The first published Potawatomi is a 19th century volume of primer lessons, dialogue, prayers, and hymns (Simerwell 1834). Major 20th century work is in Hockett 1948. Nichols & Nyholm 1976 contains texts. Additional material is in Hockett 1942 and 1966.
